

## LEVELS OF HOSPICE SUPPORT GUIDED BY WHAT'S NEEDED

Low nurse-to-patient ratios for  
**personalized care, attention,  
and faster response**

Available **24/7 for after hours  
admission** and nursing support

**Inpatient hospice at The Vista**  
when the burden of care  
becomes too great at home

If you're wondering whether  
hospice may be the right next  
step, we'll talk it through with you,  
gently and without pressure.

PERSONAL CARE YOU CAN TRUST

CC YOUNG  
SENIOR LIVING

## YOU'RE NOT ALONE

This can feel like learning a new language in a moment when you can barely breathe.

Families often worry: *What if I miss something? What if I make a poor choice? What if my loved one suffers?*

We're here to guide you with clarity and compassion, helping you understand options, anticipate needs, and get real support day or night without making you coordinate and manage the details.

## A CONTINUUM OF CARE FOR THE WHOLE FAMILY

When symptoms worsen, you're not required to return to the hospital. You can transition your loved one to The Vista, our inpatient option. Best of all, your team stays with you to provide continuity and consistency of care.

You're also supported with the full Medicare benefits which you're entitled to. This includes respite care so caregivers can rest, recover, and return with renewed strength.

## RELIABLE SUPPORT NO CONTRACTORS

Your hospice care plan is reviewed by an interdisciplinary team – physician, registered nurse, aides, social workers, psychosocial services, and chaplains. They meet regularly to discuss each patient – with their wishes at the center. This means care can be adjusted immediately.

There are no third-party contractors, only our own CC Young hospice staff who provide reliable care, clear accountability, and a familiar team available 24/7. We coordinate what's needed, so you're free to simply be family.

## BODY, MIND & SPIRIT

Here, spiritual care is part of the plan, offered with respect for your beliefs. Whether you want prayer, conversation, a listening presence, or simply someone who can sit with you in the hard moments, compassionate support and spiritual counseling is available for both patients and families.

## WHAT HAPPENS WHEN YOU CALL?

You don't need the right words. We'll listen first, answer your questions, and help you understand options and next steps.

If you choose to move forward, we will coordinate with your physician or hospital team to ensure a smooth transition into our hospice care.
